The seed that was planted by my late grandfather and nourished through 3 generations is extremely powerful, quite tangible and rewarding. The Luzerne business has come a long way and the secret lies in having our business partners and the Luzerne team who provide the fertiliser for us!

The Everyday Best with Luzerne

Food brings people together. The dining table is a backdrop for the incredible everyday, where discoveries and memories are made. It is a place Luzerne recognises for its vitality and the familiar—but no less magical—the dimension it brings to life itself.

Drawing on over 70 years of tradition and knowledge, Luzerne designs and creates bespoke fine china for many of the world's highly regarded brands in the food, hospitality, retail and airline industries. Our wares are proudly made in Dehua, China, named World Ceramics Capital by the World Crafts Council.

Our revolutionary bone ash free products are a testament to our environmentally friendly and culturally aware philosophy.

From award-winning establishments to the home, Luzerne brings handcrafted expertise to your table. We are committed to your everyday best, because we believe that the everyday can be amazing. It's why we make premium tableware accessible, and why our service partners in over 50 countries around the world guarantee support at all times.

May Luzerne be a natural companion for your best moments in life.

Luzerne is a part of Hiap Huat Holdings, Singapore's most established ceramics tableware company, which was founded in Singapore in 1947 by Lek Song Cheng, an immigrant from Swatow, Guangdong province, China.

Produced in the World Ceramics Capital of Dehua, China, Luzerne products are made from fine indigenous kaolin clay and fired at high temperatures to produce a clear translucent texture and a distinctive soft ivory colour. Luzerne products are animal bone ash-free and culturally sensitive—an integral part of our belief that tableware should be accessible to all kitchens.

Our over 800 trained artisans personally ensure the exceptional workmanship of each of our products. Luzerne sets these exacting standards for all quality tableware. As the preferred tableware choice for leading hotels, airlines, dining establishments, guests and homeowners around the world, we believe in helping one and all achieve their everyday best, every day.

The Luzerne Process

Our Craft

Every Luzerne piece is honed by the technique and proficiency we have gathered over more than half a century, and refined by our unwavering focus on quality and craftsmanship. From our factory in Dehua, China—the birthplace of world-renowned Blanc de Chine and World Ceramics Capital as declared by the World Crafts Council—to our customers, Luzerne’s wares are marked by our dedication and adherence to perfection.

It begins with the right mix of raw materials: fine silky clay ground, sieved, demagnetised and filtered to our exacting standards by our team of experienced technicians. The clay base is shaped in 3D plaster moulds designed by artisans, and then placed in an automated kiln for the initial biscuit-firing process at a temperature of 800 degrees Celsius.

The pieces are hand-painted to design specifications or glazed to achieve the precise effect required, be it transparency, opacity or a semi-matte effect. The glazed wares are then fired for a second time in the kiln at a temperature of 1,250–1,300 degrees Celsius to produce a perfect finish. If decal decorations are required, they are applied and the pieces fired for a third time. Finally, the finished wares are inspected thoroughly for quality assurance purposes before they are delivered.

The Luzerne factory is 100% owned by Luzerne Pte Ltd. All our processes are undertaken on premises from start to finish with no outsourcing. We stand by our quality assurance with great confidence and pride.

“”

My specialised work with Luzerne for over a decade has seen much development in the interaction between design and advanced technology. But through it all, the creation of exquisitely crafted, timeless and unique products that speak to the Luzerne philosophy has guided us everyday.

My passion for the craft lies in a fascination with the relationship between human collaboration and the challenges posed by modern technology's constant and rapid development. To continually move forward in time with change and allowing the knowledge and experience we gain to mould the present, is the key to finding solutions in this industry.

- Xu Deng Li, Sample Department Manager of Luzerne

“”

Luzerne's commitment to keep step with technology through training means that we stay ahead in the global ceramic industry. A trustworthy and extensive network built into the organisation further enhances our emphasis on fine craftsmanship. Our ceramic tableware is drawn from fine and sustainable materials, international workmanship standards and modern technology—these make our pieces a pleasure to behold for their qualities of tactile approachability.

We often feel a sense of fulfilment during the creation of our products that comes from a deep understanding of materials and processes. It always moves me to continue making our functional pieces with simple, refined methods.

- Chen Xiao Geng, Forming Supervisor of Luzerne

The Preferred Choice

Luzerne has grown to become the gold standard for ceramics used in professional establishments worldwide. Our name is synonymous with quality materials, expert craftsmanship and unparalleled service. Today, Luzerne products are created to professional standards for discerning homeowners as well.

As part of a commitment to long-lasting quality and reliability, every Luzerne product is held to the highest standards. Since 2004, Luzerne has adopted the national standard of Criteria for Performance Excellence (GB/T19580-2004) to this end.

We are also proud to be certified and approved by ISO 9001 & ISO 14001.

What Makes Us Different

In 1995, while experimenting with different clays, our artisans discovered the fine, silky clay of Dehua, China. When this clay was subjected to high temperature firing in the kiln, it gave off a clear and translucent texture with a soft ivory colour of rare beauty. Today, our products are created at the source: in Dehua, the World Ceramics Capital.

Since then, our artisans have ventured far beyond this discovery to create Luzerne, a name that represents a continuous way of perfecting traditional bone china without the use of animal bone ash. Ours is the work of craftsmen, designers and collaborators whose extraordinary vision and skills shape Luzerne's evolving aesthetic and functionalities.

Renowned for its smooth, flawless glaze and refined translucency, Luzerne is the preferred choice for the world's finest hotels, restaurants and chefs.

Our Signature Quality

1 Stronger than Bone China

- Excellent resistance to extreme temperatures. Luzerne wares will not crack even when removed from the oven (180°C) and placed under running water (20°C).
- No water absorption for high stain resistance.
- Refined, translucent quality resembles bone china.
- Safe for use in commercial dishwashers, freezers, ovens and microwave ovens.

2 Scratch and Chip Resistant

- Glaze is fired under the same high heat as its body (1,280°C), making it homogeneous as well as scratch and chip resistant.
- Able to withstand the daily rigours of heavy-duty commercial use.

3 Guarantee

- Every Luzerne in-glaze and on-glaze product comes with an exclusive guarantee* of being chip resistant**, dishwasher, freezer and microwave safe, oven-proof and shine resilient for 5 years or 5,000 washes*** from the date of manufacture (whichever is earlier), with proper care and handling.

4 Health Standards

- Lead and cadmium-free. Dual firing at high temperatures (800–1,280°C) eliminates traces of lead and cadmium.
- All of our decal and coloured glazes meet the strictest compliance standards—the US Food & Drug Administration and California Proposition 65 health standards.
- Kaolin clay native to Dehua, and does not contain animal bone ash. Suitable for those with religious and animal welfare concerns.
- Non-porous and does not absorb grease, odours and bacteria, ensuring optimal hygiene.

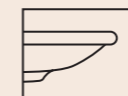

5 Beautiful Yet Accessible

- Better value than bone china.
- The smart choice for professional and in-home dining.
- Elegant ivory hue enhances food presentation, especially under restaurant lighting.

Terms and Conditions Applicable to Guarantee

* The guarantee extends only to replacement of damaged products due to manufacturing defects and not caused by misuse, abuse or mishandling of the products. Other than such replacement, Luzerne shall not be liable for any claim arising out of or in connection with the purchase and/or use of the products by any party.

** Guarantee for chip resistance applies only to rolled edge tableware (primarily from the Eco and Oriental collections) and not to any other products.

*** 5 years and 5,000 washes does not apply to gold and platinum items.

A More Sustainable Future

Going Green

We go green for the greater good of our planet and its people.

At Luzerne, this means using smarter manufacturing methods and more energy-efficient materials to reduce our impact on the environment.

We have developed innovative ways to reduce waste and use less energy while we continue to make top quality products at our plant. We also use LPG/LNG, an environmentally friendly fuel that lowers our carbon footprint.

Our recycling efforts involve processing used materials into new products to prevent waste, making energy use more efficient, and reducing air and water pollution throughout the entirety of the development and manufacturing cycle.

Luzerne is also a firm believer in encouraging the use of environmentally friendly materials such as recycled clay, which is used in the creation of our trophies for industry luminaries. These carry the additional advantage of requiring minimal maintenance despite their collectable properties.

Dressed for teatime in the garden

Welcome to a grand daytime tradition: tea with Lancaster, a jaunty and playful collection that gives the classic teatime tabletop a fresh, spirited spin. A homage to toile fabrics and porcelain traditions from all over the world, Lancaster sweetens the scene with irreverent charm, coolly clothed in white or dressed for dancing in muted pink, grey and blue. Create your own idyllic garden scene by mixing the classic whiteware of Lancaster with the vintage hues of Lancaster Garden for a warm modern touch.

Rustic

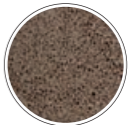

Rich colour that warms the table

A collection that grounds dining trends with its expressive colour and finish, Rustic and its unique imperfections imply a two-way relationship between man and nature. Expert artisans, kiln positioning and a multi-step process create inviting warmth through a glorious reactive glaze and deep, vivid colour. With handcrafted, festive nuances, Rustic is a nod to both the tradition and trends of communal dining, farm-to-table and organic food, and the homemade and handcrafted.

From the people to the products, Luzerne has shown great passion and pride in what they do. As one of the world's best ceramic tableware producers, they represent quality, timelessness and heritage, which I emphasise in my restaurants. At Braci, storytelling is vital for our diners. Like a frame chosen for a painting, the perfect plate by Luzerne adds a touch of luxe to the table.

Beppe De Vito

Chef & Restaurateur, BRACI

“ ”

Luzerne is a perfect fit for accentuating CÉ LA VI's curation of Asian flavours. With its state-of-the-art technology, Luzerne is at the forefront of tabletop trends and strongly complements our Modern Asian cuisine with their own Asian design and ceramic traditions.

“ ”

As a perfectionist, I connect with the personal touch Luzerne gives to ensuring the delicacy and refinement of their wares. Just like how beautiful flowers require a delicate vase, food that has been considered in every aspect needs a beautiful vessel. What excites my inspiration is finding the right plate. It's why Luzerne has become a permanent guest in my kitchen.

Pepe Moncayo

Chef, BAM!

“”

Luzerne creations are beautiful, unique and durable, which is no small thing. It suits my approach: sourcing for the best ingredients and then putting them together. When I come up with a dish, I naturally know what Luzerne plate I will serve it on.

“”

Design, colour and function are integrated in Luzerne products without compromise. Their product durability also adds competitive advantage in functionality and as a good quality investment. Their full range of designs complements wide-ranging dishes while drawing on trends in today's F&B market. Luzerne's understanding of ceramics and different cuisines is vital.

What we do pairs well with Luzerne's philosophy of creation. Their bespoke fine china shows attention to detail, and quality and durability, coupled with a unique, handcrafted nature. When on the dining table, Luzerne tableware creates a moment to remember, inviting guests to return, revisit and savour yet more experiences with us.

Prism

The spectrum of geometric beauty

While refined and intricate in its detailing, Prism never shies away from bold statements, not least when coupled with its more colourful counterparts. Upon closer inspection, angular patterns captivate the attention as they shimmer under the light. White on white never looked this alluring.

Chanoyu

The new way of tea

Reactive glaze appeals to the meditative Japanese tea ceremony, its visual depths lending dimension and mystery to Chanoyu's elegant but functional design. With an artisanal technique that produces a one-of-a-kind finish, the Asian iconography sets an enjoyable and rare mood. Step into a world of tranquillity, the way slow living intended, best savoured with a cup of tea.

Minimalism for all seasons

Eco's ease of use translates to adaptability for both the professional and the home chef. Whether at a table's centre or as a companion piece, a clean design takes approachable forms, enhancing any dining table with its functional, social aesthetic and pleasing proportions. Developed as a generous basics range, Eco seamlessly integrates perfectly into your everyday best.

The Coil sub-collection, a grouping of understated shapes endorsed by MasterChef China Judge Steven Liu, can also be found within the Eco range. Select shapes bear a unique coil detail resembling the nautilus shell, emanating presence and culinary wonderment.

Manhattan

21

A quiet taste of the big city

Entertaining is a joy with Manhattan, a sophisticated semi-matte range for Western dining inspired by deco-era architecture. Designed with references to urban planning, Manhattan's concentric circles display a romantic, organic sensibility that maintains a quiet and expressive versatility in white.

Oriental

A timeless Asian dining essential

Oriental's classic shapes reflect the decidedly modern outlook of the Asian chef on a journey of discovery. Serve up a wealth of options from full banquet spreads to everyday dining engagements with a versatile base range that bears the mark of endurance and quality—be it at the communal Asian table, where reinforced edges on selected pieces ensure Oriental's durability, or at formal gatherings, where simplicity is welcome. The Chinois sub-collection features shapes that draw inspiration from the quatrefoil, a symbol of harmony that also resembles the lucky four-leaf clover.

Song

Moving tradition along the grain

From modern Chinese dining to Western plates, Song's rice-grain textured surface draws inspiration from the central role of rice in global cuisines to create a satisfyingly textured collection. Evoking rich cultures while remaining resolutely polished, Song is a generous addition to the table, adding a tactile dimension and visual interest. Be it as a functional basic or a quiet, textural accent, Song works the room with elegance and personality, delivering surprising sophistication.

Jerry Schwartz

Hotelier and Owner,
Sofitel Sydney Darling Harbour

“ ”

From the furnishings to the tableware, hospitality operates on the basis of a living and breathing ecosystem of brands that converge to provide the complete experience for the guest. Luzerne takes on this same desire – to bring the Everyday Best experience – at the Sofitel Sydney Darling Harbour. It shines through in our invitation to guests to creatively explore their daily meals, and in the variety it gives to each of our outlets.

“ ”

Luzerne’s product and service quality met not only our requirements for diversity of design and utility, but also represented the best value. Through our collaborative customisations, we created something even better suited to our requirements than we had at first envisioned.

Dr. Richard Helfer

Chairman, The Farrer Park Company

Edmund Toh

President, Singapore Chefs' Association

“ ”

The complementary relationship between food and tableware is part of the fine art of dining. Likewise, our partnership with Luzerne reflects a common understanding: to continually set the bar higher and place Singapore on the global culinary map for generations to come. It positions us to allow talented chefs to advance their craftsmanship.

“ ”

Diners today are not blind recipients. The table setting always speaks to them first, and a positive impact sets the mood and appetite. When it comes to tableware designed to complement the environment, Luzerne takes care of the different functions any chef requires.

“ ”

As a major player in the high-end tableware industry and one of the most experienced makers of fine tableware in Asia and from Asia, Luzerne understands that to be outstanding, every single detail counts. Passion, attention to quality and creativity has allowed Luzerne to offer the world their interpretation of the art of living.

Mathew Leighton

Chef, Salt Grill & Sky Bar

“ ”

The variety and range offered by Luzerne is competitive, up to date and durable. It showcases the food we create in the restaurant and helps to enhance the look of our food on the plate. It brings new looks, different colours and styles to the restaurant.

“ ”

Since my first encounter with Luzerne, I have had a great appreciation for the simplicity and elegance of their designs. Luzerne not only respects my recipes, but also becomes a part of them, showcasing them in a comforting but dynamic way. Touching Luzerne ceramics, understanding their shapes and feeling their consistency has inspired me in an easy and natural way. It has become part of my ability to care for my customers by delivering ultimate quality in fine Italian dining.

Gianni Caprioli

Loh Lik Peng

Owner, Unlisted Collection

“ ”

Unlisted Collection’s restaurant and hotel concepts are united by a philosophy to always innovate on new and exciting concepts with partners that are able to do the same. Luzerne really suits our group’s requirements for a wide variety of high quality chinaware from Chinese to Spanish and French cuisine, and from fine dining to mid-range restaurants. Luzerne supplies us with good quality, value and modern, lifestyle oriented products—all vital to the modern restaurant.

“ ”

Every plate is an art piece and an important aspect of food presentation, as it is human nature that we are attracted to beauty. In addition to the food styling and the combination of tastes and flavours, shape, the texture and size of a plate are key factors that enhance the overall dining experience.

Emmanuel Stroobant
Chef, Saint Pierre

A New Shade of Luxury

Ever so often, a bold vision emerges to perfect what has already been perfected. It stems from a vision to recast what sets the table to lift everyday occasions to their greatest heights. Carefully forged at the kiln, using an even higher temperature to produce a more translucent yet pure shade of white. L by Luzerne is the work of our craftsmen's endeavour to a new shade of luxury.

Artichoke

29

To the blossoming of every great meal

Inspired by the flowering thistle, Artichoke is a charming portrayal of minimalistic design that conveys expressive but understated personality. As a variation on traditional tableware for formal occasions, Artichoke features a rim worked into soft points by Luzerne artisans. Both elegant and surprising, this premium collection enlivens dining decor by bringing a gentle, artistic touch to professional hospitality.

Collaborations

Luzerne is a pioneer in the perfection of traditional bone china without the use of animal bone ash. Today, we continue in our quest to balance the contemporary and the traditional.

More than ever, we focus on the production of high quality ceramic products under our brands Luzerne and L by Luzerne. While we continue to employ traditional techniques like hand-painting, glazing, printing and decal application, we marry these to cutting-edge, modern technologies at a fully automated plant that produces over 28 million pieces of ceramics annually.

We also extend this way of thinking to our creative collaborations, which push traditional boundaries in craftsmanship and imagining ceramics beyond the table top. Our efforts in promoting enjoyment and an appreciation of contemporary art as well as local history and culture, have resulted in a diverse series of collectible art pieces that have reached a growing audience.

Our collaborators include the National Heritage Board museums including the Singapore Art Museum and Asian Civilisations Museum, and local award-winning artists. We continue to support Singaporean art and culture, excellence in the F&B and hospitality industries, and a passion for the everyday best in homes everywhere.

Wong Mun Summ and Richard Hassell

Founders, WOHA

For centuries now, the Chinese people have been migrating all over the world in search of fortune. Today, there are 50 million Chinese living overseas – 50 million stories of courage, hardship, warmth, community, traditions and change. WOHA and Luzerne celebrate the overseas Chinese diaspora with Diaspora – a collection of tableware that combines shapes from ancient Chinese culture with contemporary colours inspired by the new homes of the Chinese diaspora.

WOHAbeing is the design extension of WOHA, a Singapore-based architectural practice founded by Wong Mun Summ and Richard Hassell that is globally recognised for its integration of environmental and social principles with diverse, innovative and highly influential projects. WOHAbeing is about living well by living simply and sustainably. In celebrating the beauty of the world, WOHAbeing draws inspiration from the past, makes connections to the rich tapestry of cultures it works within, and proposes how people should live in the future.

SG50 Jubilee Plate

Luzerne for SG50

Created in honour of Singapore's 50th year of independence, the SG50 Jubilee plate traces a five-decade journey through icons of local history in watercolours painted by artist Ng Woon Lam. The plates, produced in a limited number of 50, were auctioned off to collectors, raising \$500,000 for 50 charities including Community Chest Singapore.

Reactive Glaze

Colour variation is a naturally occurring feature of reactive, speckled, matte and semi-matte glazed finishing. Irregularities in glaze and textures are celebrated as the mark of an artist's hand and a cherished authentic design.

Colour Glaze

Matte and semi-matte glazed products may naturally acquire knife marks over time. These are commonly caused by long-term use of stainless steel flatware with these pieces. If necessary, some of these marks may be removed with fine AL204 (Aluminium Oxide) or simple oral toothpaste.

Designers

Julian Dowson

Luzerne craft traditions specialise in translating designs at the crossroads of multiple cultures and influences. To Dowson, these designs cross market boundaries and arrive at the very definition of luxury: a unique and personal experience of quality and value unavailable elsewhere.

A London-based designer, Dowson has created beautiful and functional products for many leading international manufacturers. He believes that tableware must be given consideration at every stage of the design process to create objects that over time and by their very nature will become personal and valued. This, combined with a respect for the commitment and integrity of the manufacturer, ensures his eye for even the finest details.

Shigeki Okaniwa

Nature's great beauty inspires Shigeki Okaniwa, a believer in distilling its simplest forms, to push boundaries. His experiments with plaster models are the basis of his design vision, and retain the characteristic senses of touch and volume that give vitality to his designs for the Luzerne table top.

Born in 1961 in Japan, Okaniwa is a product designer specialising in ceramic tableware, with over 30 years of experience working for international labels in New York and around the world. His craftsmanship and sensitivity to shape is a highly regarded hallmark of SHIG Product Design Studio, his design consultancy and frequent collaborator with global brands.

Care & Handling

Luzerne products are designed to withstand normal food service use encountered by tableware at a high-traffic dining establishment in any major city around the world. We define ‘normal food service use’ as use in accordance with generally accepted standards or good practice as in the care advice given below.

Luzerne products are engineered for superior quality, and require minimal, fuss-free care and handling. However, do take extra care when handling all products. For the prevention of breakage and chipping, please avoid:

- Improper loading in dish racks
- Piling heavy items on lighter items
- Stacking items not designed for stacking, like nesting cups and mugs

When it comes to Gold and Platinum show plates, care for them as you would any other delicate item of value. Here are a few ways you can do so:

- Hand wash with mild detergent
- Do not scour it with steel wool pads to protect surface
- Not stacking plates temporarily or in storage will prevent scratches
- Use plate racks and linen/felt dividers between each plate
- Avoid exposure to microwave cooking to prevent sparks
