Tuxton sponsorship

Tuxton China, Inc. is a proud sponsor and supporter of the following extraordinary organizations.

C-CAP is a national non-profit that transforms the lives of disadvantaged youth through the culinary arts and prepares them for college and careers in the restaurant and hospitality industry.

They have awarded over \$50 million in scholarships, provided job training and internships, college and lifetime career support, teacher training and product and equipment donations to classrooms.

They work with over 17,000 students nationwide. Through their efforts, a large percentage of their students find rewarding careers in the foodservice and hospitality industry with many alumni, now graduates of top culinary schools, working in leading restaurants and hotels throughout the country.

The new Global Culinary Innovators Association (GCIA) was created for the leading menu developers within the nation's fastest growing multi-unit foodservice operations. The GCIA is for the lead menu developers for chains ranked 201 - 400 in annual sales.

Mission Statement: The Global Culinary Innovators Association is an organization of multi-unit menu developers coming together to form a network that educates and elevates all aspects of the restaurant business and experience.

Culinary Institute of America

The Culinary Institute of America (CIA) is a private, not-for-profit college dedicated to providing the world's best professional culinary education.

Excellence, leadership, professionalism, ethics, and respect for diversity are the core values that guide their efforts.

They teach their students the general knowledge and specific skills necessary to live successful lives and to grow into positions of influence and leadership in their chosen profession.

The International Corporate Chefs Association (ICCA) is the first chefs association designed exclusively for corporate chefs from the nation's largest chains and multi-unit operations.

Membership is limited to the highest ranking culinarians from the top 200 multi-unit foodservice operations in the nation.

Mission Statement: The International Corporate Chefs Association is an organization of the nation's most influential culinarians that provides a forum to network, enhancing their knowledge of culinary arts and logistical aspects of creating great food in a diverse and competitive international marketplace.

By following some simple steps and training your staff, you can prolong the life of your chinaware and eliminate the most common causes of the following problems.

Breakage or Chipping

• **Never hit chinaware on its edge to remove stuck on food, always use scrapers to dislodge food from plates**

- Never use other china or metal utensils to scrape dishes
- Avoid overloading dish racks which may cause items to bang together
- Do not nest items that don't nest
- Do not overload bus boxes
- Do not drop heavy items onto china in the bus box
- Avoid stacking china too high

Processes Causing Scratches or Metal Marking and Excessive Glaze Wear

- Infrequent cleaning of stainless steel dish tables
- Using other china or metal utensils to scrape dishes
