---

Luzerne is a part of Hiap Huat Holdings, Singapore's most established ceramics tableware company, which was founded in Singapore in 1947 by Lek Song Cheng, an immigrant from Swatow, Guangdong province, China.

Produced in the World Ceramics Capital of Dehua, China, Luzerne products are made from fine indigenous kaolin clay and fired at high temperatures to produce a clear translucent texture and a distinctive soft ivory colour. Luzerne products are animal bone ash-free and culturally sensitive—an integral part of our belief that tableware should be accessible to all kitchens.

Our over 800 trained artisans personally ensure the exceptional workmanship of each of our products. Luzerne sets these exacting standards for all quality tableware. As the preferred tableware choice for leading hotels, airlines, dining establishments, guests and homeowners around the world, we believe in helping one and all achieve their everyday best, every day.

## The Luzerne Process

# Our Craft

Every Luzerne piece is honed by the technique and proficiency we have gathered over more than half a century, and refined by our unwavering focus on quality and craftsmanship. From our factory in Dehua, China—the birthplace of world-renowned Blanc de Chine and World Ceramics Capital as declared by the World Crafts Council—to our customers, Luzerne’s wares are marked by our dedication and adherence to perfection.

It begins with the right mix of raw materials: fine silky clay ground, sieved, demagnetised and filtered to our exacting standards by our team of experienced technicians. The clay base is shaped in 3D plaster moulds designed by artisans, and then placed in an automated kiln for the initial biscuit-firing process at a temperature of 800 degrees Celsius.

The pieces are hand-painted to design specifications or glazed to achieve the precise effect required, be it transparency, opacity or a semi-matte effect. The glazed wares are then fired for a second time in the kiln at a temperature of 1,250–1,300 degrees Celsius to produce a perfect finish. If decal decorations are required, they are applied and the pieces fired for a third time. Finally, the finished wares are inspected thoroughly for quality assurance purposes before they are delivered.

The Luzerne factory is 100% owned by Luzerne Pte Ltd. All our processes are undertaken on premises from start to finish with no outsourcing. We stand by our quality assurance with great confidence and pride.

“”

My specialised work with Luzerne for over a decade has seen much development in the interaction between design and advanced technology. But through it all, the creation of exquisitely crafted, timeless and unique products that speak to the Luzerne philosophy has guided us every day.

My passion for craft lies in a fascination with the relationship between human collaboration and the challenges posed by modern technology's constant and rapid development. To continually move forward in time with change and allowing the knowledge and experience we gain to mould the present, is the key to finding solutions in this industry.

– Xu Deng Li, Sample Department Manager of Luzerne

“”

Luzerne's commitment to keep step with technology through training means that we stay ahead in the global ceramic industry. A trustworthy and extensive network built into the organisation further enhances our emphasis on fine craftsmanship. Our ceramic tableware is drawn from fine and sustainable materials, international workmanship standards and modern technology—these make our pieces a pleasure to behold for their qualities of tactile approachability.

We often feel a sense of fulfillment during the creation of our products that comes from a deep understanding of materials and processes. It always moves me to continue making our functional pieces with simple, refined methods.

– Chen Xiao Geng, Forming Supervisor of Luzerne

# The Preferred Choice

Luzerne has grown to become the gold standard for ceramics used in professional establishments worldwide. Our name is synonymous with quality materials, expert craftsmanship and unparalleled service. Today, Luzerne products are created to professional standards for discerning homeowners as well.

As part of a commitment to long-lasting quality and reliability, every Luzerne product is held to the highest standards. Since 2004, Luzerne has adopted the national standard of Criteria for Performance Excellence (GB/T19580-2004) to this end.

We are also proud to be certified and approved by ISO 9001 & ISO 14001

## What Makes Us Different

In 1995, while experimenting with different clays, our artisans discovered the fine, silky clay of Dehua, China. When this clay was subjected to high temperature firing in the kiln, it gave off a clear and translucent texture with a soft ivory colour of rare beauty. Today, our products are created at the source: in Dehua, the World Ceramics Capital.

Since then, our artisans have ventured far beyond this discovery to create Luzerne, a name that represents a continuous way of perfecting traditional bone china without the use of animal bone ash. Ours is the work of craftsmen, designers and collaborators whose extraordinary vision and skills shape Luzerne's evolving aesthetic and functionalities.

Renowned for its smooth, flawless glaze and refined translucency, Luzerne is the preferred choice for the world's finest hotels, restaurants and chefs.

# Our Signature Quality

## 1 Stronger than Bone China

- Excellent resistance to extreme temperatures. Luzerne wares will not crack even when removed from the oven (180°C) and placed under running water (20°C).
- No water absorption for high stain resistance.
- Refined, translucent quality resembles bone china.
- Safe for use in commercial dishwashers, freezers, ovens and microwave ovens.

## 2 Scratch and Chip Resistant

- Glaze is fired under the same high heat as its body (1,280°C), making it homogeneous as well as scratch and chip resistant.
- Able to withstand the daily rigours of heavy-duty commercial use.

## 3 Guarantee

- Every Luzerne in-glaze and on-glaze product comes with an exclusive guarantee\* of being chip resistant\*\*, dishwasher, freezer and microwave safe, oven-proof and shine resilient for 5 years or 5,000 washes\*\*\* from the date of manufacture (whichever is earlier), with proper care and handling.

## 4 Health Standards

- Lead and cadmium-free. Dual firing at high temperatures (800–1,280°C) eliminates traces of lead and cadmium.
- All of our decal and coloured glazes meet the strictest compliance standards—the US Food & Drug Administration and California Proposition 65 health standards.
- Kaolin clay native to Dehua, and does not contain animal bone ash. Suitable for those with religious and animal welfare concerns.
- Non-porous and does not absorb grease, odours and bacteria, ensuring optimal hygiene.

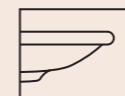

## 5 Beautiful Yet Accessible

- Better value than bone china.
- The smart choice for professional and in-home dining.
- Elegant ivory hue enhances food presentation, especially under restaurant lighting.

\*\*\* 5 years and 5,000 washes does not apply to gold and platinum items.

## A More Sustainable Future

# Going Green

We go green for the greater good of our planet and its people.

At Luzerne, this means using smarter manufacturing methods and more energy-efficient materials to reduce our impact on the environment.

We have developed innovative ways to reduce waste and use less energy while we continue to make top quality products at our plant. We also use LPG/LNG, an environmentally friendly fuel that lowers our carbon footprint.

Our recycling efforts involve processing used materials into new products to prevent waste, making energy use more efficient, and reducing air and water pollution throughout the entirety of the development and manufacturing cycle.

Luzerne is also a firm believer in encouraging the use of environmentally friendly materials such as recycled clay, which is used in the creation of our trophies for industry luminaries. These carry the additional advantage of requiring minimal maintenance despite their collectable properties.

# Rustic

### Rich colour that warms the table

A collection that grounds dining trends with its expressive colour and finish, Rustic and its unique imperfections imply a two-way relationship between man and nature. Expert artisans, kiln positioning and a multi-step process create inviting warmth through a glorious reactive glaze and deep, vivid colour. With handcrafted, festive nuances, Rustic is a nod to both the tradition and trends of communal dining, farm-to-table and organic food, and the homemade and handcrafted.

Luzerne is a perfect fit for accentuating CÉ LA VI's curation of Asian flavours. With its state-of-the-art technology, Luzerne is at the forefront of tabletop trends and strongly complements our Modern Asian cuisine with their own Asian design and ceramic traditions.

**Megan Lim**

Head of Marketing, CÉ LA VI Singapore

**Steven Liu**

Ambassador Chef, Le Cordon Bleu

“ ”

As a perfectionist, I connect with the personal touch Luzerne gives to ensuring the delicacy and refinement of their wares. Just like how beautiful flowers require a delicate vase, food that has been considered in every aspect needs a beautiful vessel. What excites my inspiration is finding the right plate. It's why Luzerne has become a permanent guest in my kitchen.

**Pepe Moncayo**

Chef, BAM!

“ ”

Luzerne creations are beautiful, unique and durable, which is no small thing. It suits my approach: sourcing for the best ingredients and then putting them together. When I come up with a dish, I naturally know what Luzerne plate I will serve it on.

“”

Design, colour and function are integrated in Luzerne products without compromise. Their product durability also adds competitive advantage in functionality and as a good quality investment. Their full range of designs complements wide-ranging dishes while drawing on trends in today's F&B market. Luzerne's understanding of ceramics and different cuisines is vital.

## A quiet taste of the big city

Entertaining is a joy with Manhattan, a sophisticated semi-matte range for Western dining inspired by deco-era architecture. Designed with references to urban planning, Manhattan's concentric circles display a romantic, organic sensibility that maintains a quiet and expressive versatility in white.

## Moving tradition along the grain

From modern Chinese dining to Western plates, Song's rice-grain textured surface draws inspiration from the central role of rice in global cuisines to create a satisfyingly textured collection. Evoking rich cultures while remaining resolutely polished, Song is a generous addition to the table, adding a tactile dimension and visual interest. Be it as a functional basic or a quiet, textural accent, Song works the room with elegance and personality, delivering surprising sophistication.

## A timeless Asian dining essential

Oriental's classic shapes reflect the decidedly modern outlook of the Asian chef on a journey of discovery. Serve up a wealth of options from full banquet spreads to everyday dining engagements with a versatile base range that bears the mark of endurance and quality—be it at the communal Asian table, where reinforced edges on selected pieces ensure Oriental's durability, or at formal gatherings, where simplicity is welcome. The Chinois sub-collection features shapes that draw inspiration from the quatrefoil, a symbol of harmony that also resembles the lucky four-leaf clover.

# Chanoyu

## The new way of tea

Reactive glaze appeals to the meditative Japanese tea ceremony, its visual depths lending dimension and mystery to Chanoyu's elegant but functional design. With an artisanal technique that produces a one-of-a-kind finish, the Asian iconography sets an enjoyable and rare mood. Step into a world of tranquility, the way slow living intended, best savoured with a cup of tea.

# A New Shade of Luxury

Ever so often, a bold vision emerges to perfect what has already been perfected. It stems from a vision to recast what sets the table to lift everyday occasions to their greatest heights. Carefully forged at the kiln, using an even higher temperature to produce a more translucent yet pure shade of white. L by Luzerne is the work of our craftsmen's endeavour to a new shade of luxury.

# Scallop

# 27

Part of the L by Luzerne premium range for exquisite dining experiences, Scallop intrigues as an open invitation to diners to dive into new worlds of perceptions.

# Collaborations

Luzerne is a pioneer in the perfection of traditional bone china without the use of animal bone ash. Today, we continue in our quest to balance the contemporary and the traditional.

More than ever, we focus on the production of high quality ceramic products under our brands Luzerne and L by Luzerne. While we continue to employ traditional techniques like hand-painting, glazing, printing and decal application, we marry these to cutting-edge, modern technologies at a fully automated plant that produces over 28 million pieces of ceramics annually.

We also extend this way of thinking to our creative collaborations, which push traditional boundaries in craftsmanship and imagining ceramics beyond the table top. Our efforts in promoting enjoyment and an appreciation of contemporary art as well as local history and culture, have resulted in a diverse series of collectible art pieces that have reached a growing audience.

Our collaborators include the National Heritage Board museums including the Singapore Art Museum and Asian Civilisations Museum, and local award-winning artists. We continue to support Singaporean art and culture, excellence in the F&B and hospitality industries, and a passion for the everyday best in homes everywhere.

**SINGAPORE ART SERIES**  
Luzerne for NHB

We showed our love for contemporary art in a multi-part collaboration with National Heritage Board (NHB) museums, the Singapore Art Museum (SAM) and Asian Civilisations Museum (ACM), creating a series of ceramic collectables as part of our continued commitment to supporting Singaporean art.

**Luzerne for Justin Lee**

*Detail from Modern General*

From an army of terracotta warriors designed by local artist Justin Lee, this provocative work addresses issues of national identity, commercialization and consumerism in Singaporean society.

**Luzernnie**

Luzerne for Elephant Parade Bangkok 2015

As the sponsor of the Elephant Parade Bangkok 2015, Luzerne brought a design from our signature showplate collections, Celtic and Lotus Diva, to life. We debuted Luzernnie, a pachyderm adorned in pearlescent pastel colours and butterflies for a fresh elegance synonymous with Luzerne.

**SG50 Jubilee Plate**

Luzerne for SG50

Created in honour of Singapore's 50th year of independence, the SG50 Jubilee plate traces a five-decade journey through icons of local history in watercolours painted by artist Ng Woon Lam. The plates, produced in a limited number of 50, were auctioned off to collectors, raising \$500,000 for 50 charities including Community Chest Singapore.

# Reactive Glaze

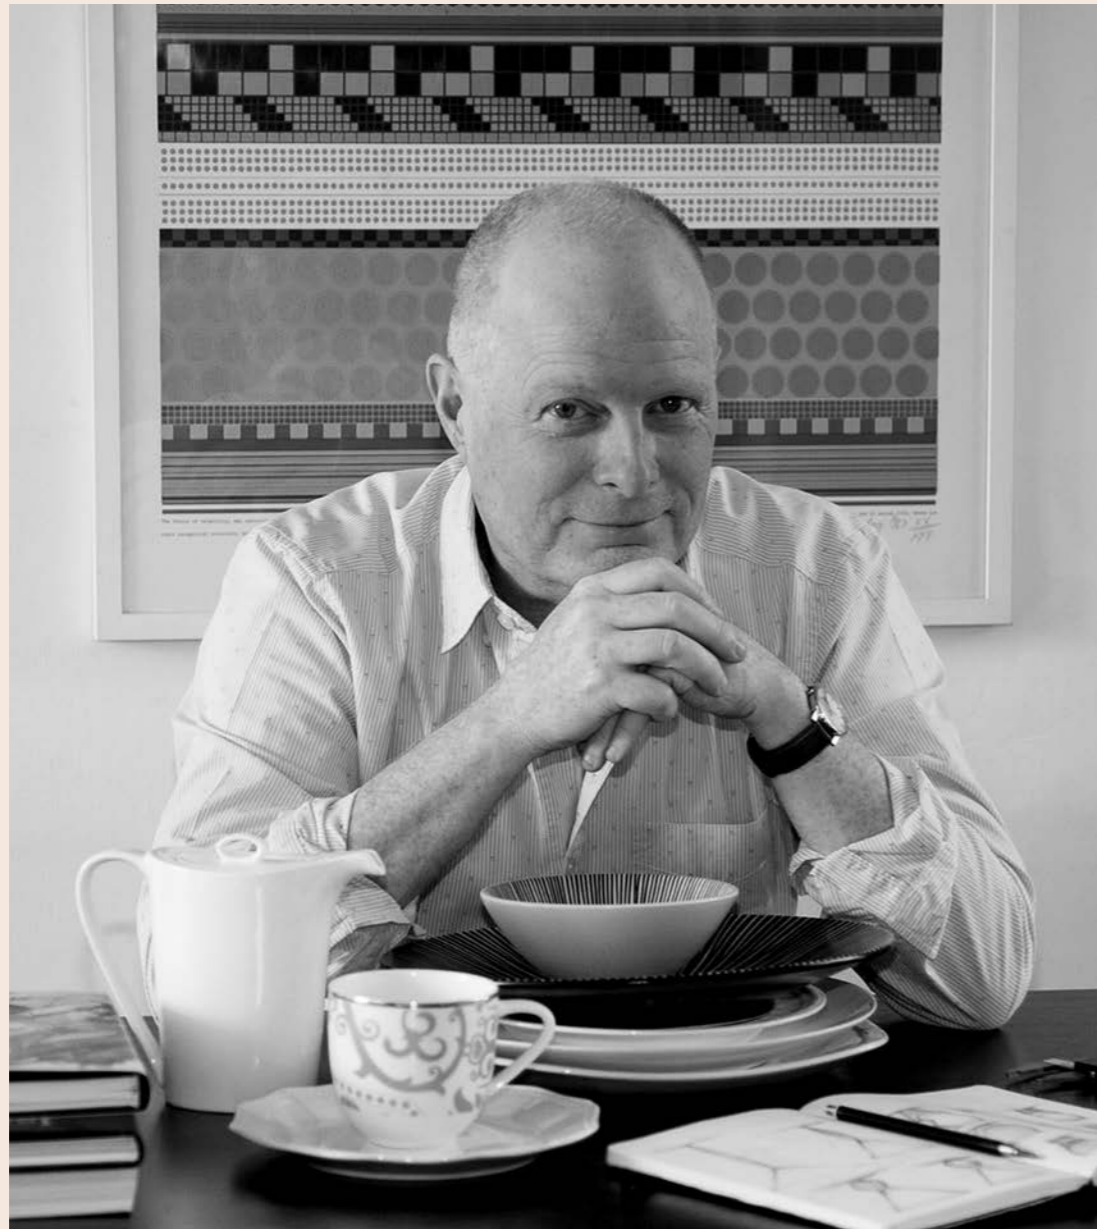

Colour variation is a naturally occurring feature of reactive, speckled, matte and semi-matte glazed finishing. Irregularities in glaze and textures are celebrated as the mark of an artist's hand and a cherished authentic design.

# Colour Glaze

Matte and semi-matte glazed products may naturally acquire knife marks over time. These are commonly caused by long-term use of stainless steel flatware with these pieces. If necessary, some of these marks may be removed with fine AL204 (Aluminum Oxide) or simple oral toothpaste.

## Julian Dowson

Luzerne craft traditions specialise in translating designs at the crossroads of multiple cultures and influences. To Dowson, these designs cross market boundaries and arrive at the very definition of luxury: a unique and personal experience of quality and value unavailable elsewhere.

A London-based designer, Dowson has created beautiful and functional products for many leading international manufacturers. He believes that tableware must be given consideration at every stage of the design process to create objects that over time and by their very nature will become personal and valued. This, combined with a respect for the commitment and integrity of the manufacturer, ensures his eye for even the finest details.

# Care & Handling

Luzerne products are designed to withstand normal food service use encountered by tableware at a high-traffic dining establishment in any major city around the world. We define 'normal food service use' as use in accordance with generally accepted standards or good practice as in the care advice given below.

Luzerne products are engineered for superior quality, and require minimal, fuss-free care and handling. However, do take extra care when handling all products. For the prevention of breakage and chipping, please avoid:

- Improper loading in dish racks
- Piling heavy items on lighter items
- Stacking items not designed for stacking, like nesting cups and mugs

When it comes to Gold and Platinum show plates, care for them as you would any other delicate item of value. Here are a few ways you can do so:

- Hand wash with mild detergent
- Do not scour it with steel wool pads to protect surface
- Not stacking plates temporarily or in storage will prevent scratches
- Use plate racks and linen/felt dividers between each plate
- Avoid exposure to microwave cooking to prevent sparks
