CENTIMA®
Performance Sheeting by Standard Textile

MICROFILAMENT STRENGTH

Superior durability. The secret is Standard Textile's patented Centium Core Technology®. Ring-spun cotton surrounds a tough microfilament core, tightly woven with a single-pick process. The result is enduring performance with a pleasing hand. An exclusive multilayer fast selvage secures the sides of Centima's® 70% Cotton/30% Centium Core Technology microfilament polyester weave. Deep corners hold snugly to any contour. Available in bleached or bone.

OneSTEP™

Standard Textile's OneSTEP™ products provide both the laundry and housekeeping professional with One Solution To Enhance Productivity. EZ ID® size identification makes sorting a snap, while balanced hems and center lock labels allow for simplified bed make-up. Plus, your Centima sheeting arrives pre-laundered and ready to use with no up-front processing costs. All these savings lower cost-per-use, making Centima valuable performance sheeting.

For more information about Centima sheeting, or to contact a dedicated hospitality consultant, visit standardtextile.com or call 1.800.323.5246.

IMPECCABLE CHOICE IN ENDURING LUXURY.

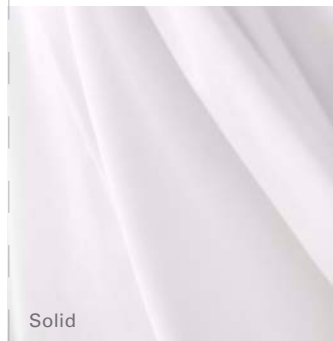

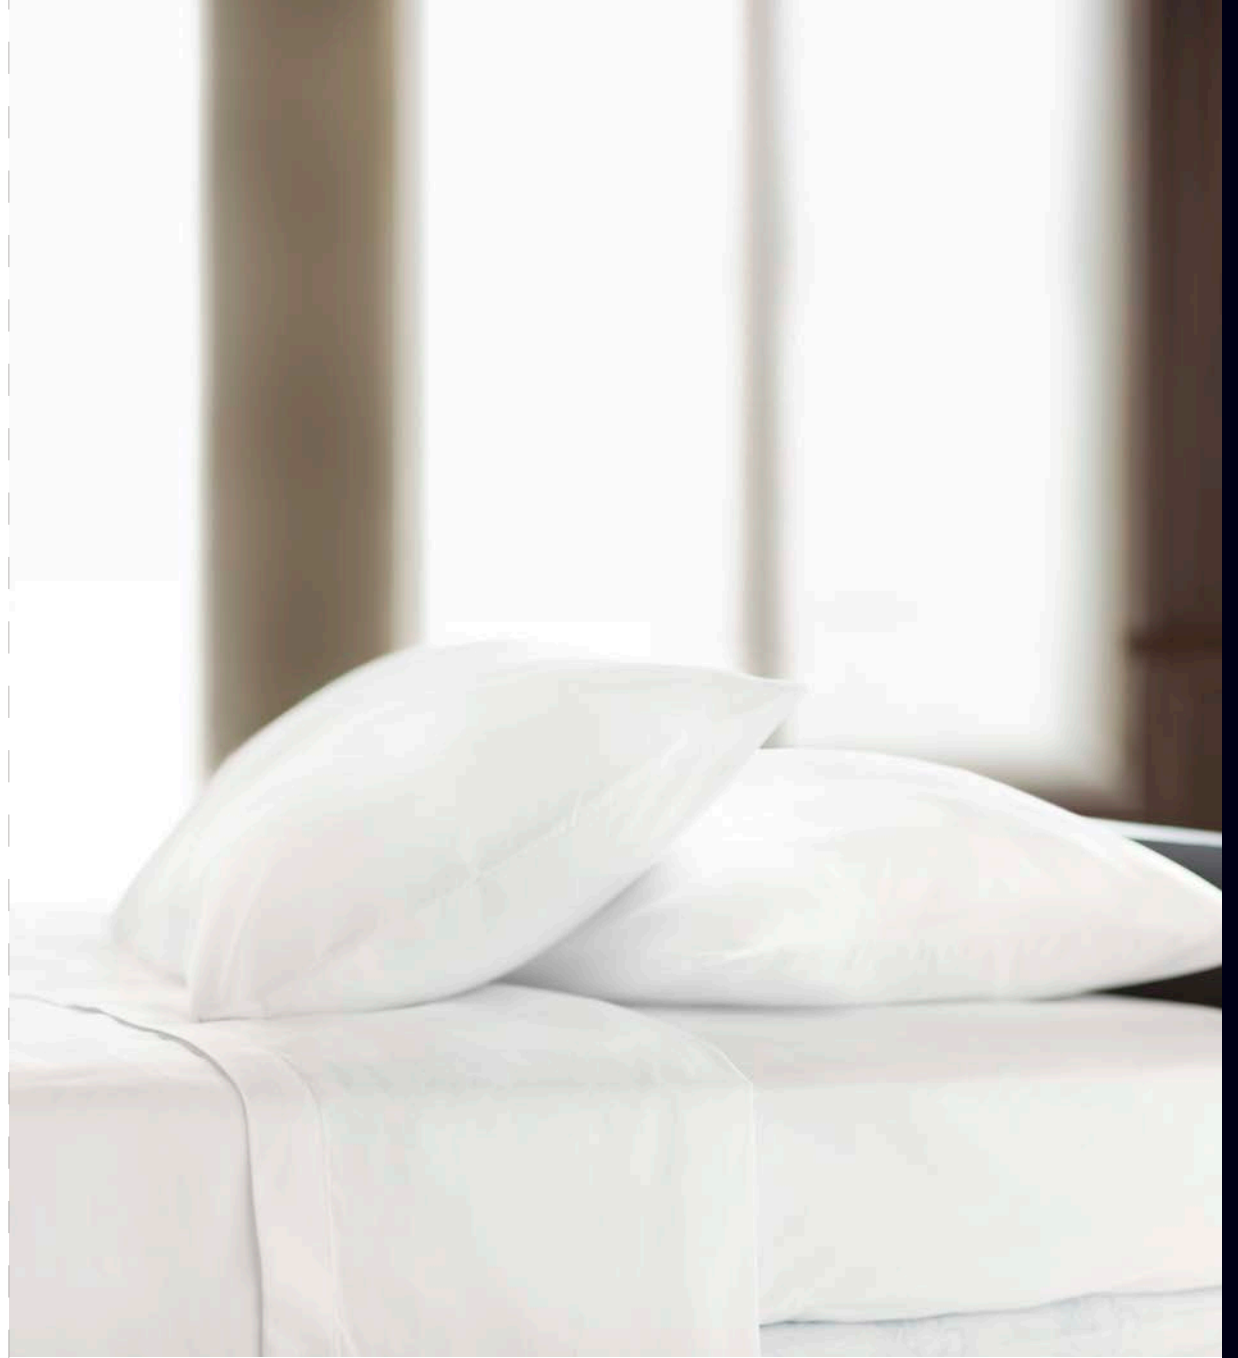

SLEEPING WITH THE STARS

Centium Satin™ sheeting offers the rich hand guests expect. Soft. Smooth. Luxurious. For over seventy years, Standard Textile has served the finest, most exclusive hotels in Europe and the Americas. Guests expect the sheer sensuality of the finest sheets and pillowcases in the world. That's why Centium Satin is the impeccable choice.

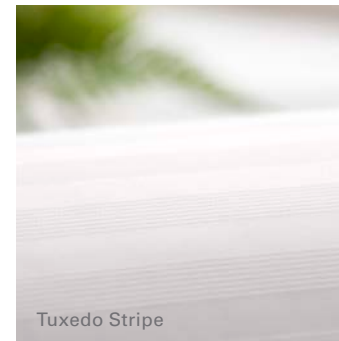

CORE INNOVATION

Centium Satin™ sheeting is based on an innovation of utter comfort: Centium Core Technology®. For Centium Satin, we've woven a wealth of premium, long-staple, ring-spun cotton around an ultra-strong, delicately textured microfilament yarn. Centium Core Technology creates a sensuously soft, ultra smooth feel. And the softness increases the more it's washed: a proprietary microemulsion finish helps Centium Satin products retain an exquisite feel from beginning to end...and that can be quite awhile. Engineered durability is why ultra-premium Centium Satin is among the longest lasting premium sheets.

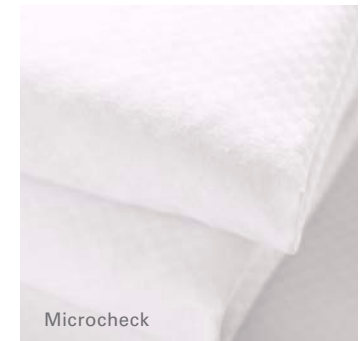

To learn more about Standard Textile's Centium Satin sheeting, or to contact a dedicated hospitality consultant, please visit standardtextile.com or call 1.800.323.5246.

PERFORMANCE WITH A GENTLE HAND.

SMOOTH DURABILITY

ComforTwill® sheeting offers sturdy Centium Core Technology® and single-pick construction in a 70% Cotton/30% Centium microfilament polyester blend. The difference is in the feel. ComforTwill's extra-smooth premium hand is due to the superior and patented engineering of Standard Textile sheeting. Multilayer fast selvages bind the sides. Deep corners hold snugly to any contour. Choose from solid, subtle stripes or the distinctive visual texture of block-on-block. ComforTwill striped sheeting is available in bleached or bone.

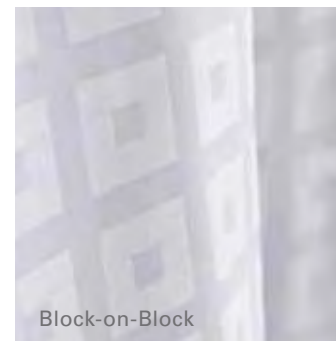

LOW COST-PER-USE

ComforTwill's durable construction stands up to industrial laundering, eliminating the need for frequent replacement. Center-lock labels, balanced hems, and a crease-resistant finish increase housekeeping efficiency. Plus, your ComforTwill sheeting arrives Room Ready For You® laundered with Tide® and ready to use with no up-front processing costs. All these savings lower cost-per-use, making ComforTwill valuable performance sheeting.

A FUSION OF BEAUTY AND PRACTICALITY.

ALL THE BEAUTY IS IN ONE PLACE

The engineers at Standard Textile have created a beautiful new fashion statement in bedding—scarves integrated and woven into the top covers themselves. These patented top covers are available in either a Block-on-Block or Jacquard Circles design that complement any room color or décor.

THE ALL-IN-ONE SOLUTION

Using multicolor dyed yarns, Standard Textile weaves the scarf seamlessly into the fabric of its ComforTwill® top cover. These unique yarns provide years of service, while the two colorways, Kaleidoscope and Songbird, coordinate with a wide variety of décor.

This all-in-one solution simplifies bed makeup and reduces operating costs—no separate scarf to buy, wash, and replace. Our Block-on-Block design is available with coordinating pillowcases, sold separately.

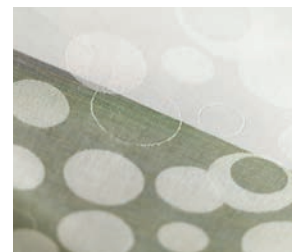

To learn more about Standard Textile's Top Covers, or to contact a dedicated hospitality consultant, please visit standardtextile.com or call 1.800.323.5246.

EZ ID® COLOR CODED SHEETING

EZ ID® is Standard Textile's patented technology that easily identifies sheet sizes by the color of the selvage yarns. We color-code the selvage yarns running down the side of the sheet instead of on the top hem, making the sheeting identifiable without altering the luxurious appearance the designer intended for the bed.

OneSTEP™

OneSTEP™ products provide both the laundry and housekeeping professional with One Solution To Enhance Productivity. EZ ID® size identification makes sorting a snap, while balanced hems and center lock labels allow for simplified bed make-up.

MAXIMIZE SHEETING PERFORMANCE

OneSTEP™ stands for “One Solution To Enhance Productivity” and the products do just that. While each solution offers a unique set of benefits to hoteliers, when combined they offer housekeeping and laundry professionals tools to shorten processing and room make-up time. In one study, housekeepers employing the OneSTEP program saved an average of three minutes in combined laundry processing and housekeeping room make-up time.

ROOM READY FOR YOU® LAUNDERED WITH TIDE®

This proven pre-laundering process protects your sheeting investment and also the environment by using less energy and a pH neutral detergent free of phosphates and harsh alkalis.

BALANCED HEMS

Bi-directional fabrication provides equally defined 2” top and bottom hems to Standard Textile sheeting products. Balanced hems allow the housekeeping professional to place the sheet in the correct position the first time.

CENTER LOCK LABELS

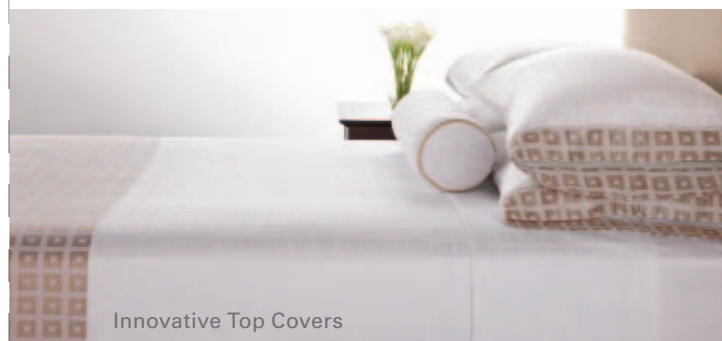

Standard Textile takes the guesswork out of finding the center of the sheet by centering the product labels in the hem of every sheeting product, saving valuable time.

INNOVATIVE TOP COVERS

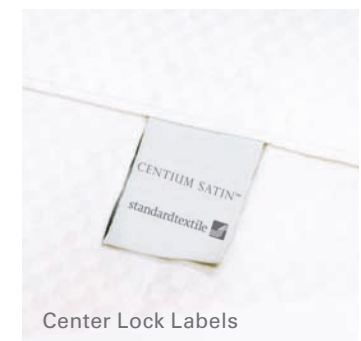

Standard Textile invented the heavy weight top cover for today’s discriminating hotelier. Provide the look and feel of a duvet cover without the housekeeping aerobics required to actually insert the duvet into the cover. Standard Textile’s top covers use Centium Core Technology® fabrics for increased durability and can replace duvet covers to provide a clean, crisp, sturdy top sheet that envelopes your bed blanket.

SINGLE-PICK PERCALE

SINGLE-PICK PERCALE
Classic Sheeting by StandardTextile

**CLASSIC SHEETING THAT
OFFERS TRUE COMFORT.**

SINGLE-PICK PERCALE
Classic Sheeting by Standard Textile

THE SINGLE-PICK DIFFERENCE

Single-Pick Percale sheeting gives you more than you would expect from traditional sheeting. Standard Textile understands your needs and refuses to compromise on quality. Single Pick Percale sheeting provides the softness and comfort your guests expect. Available in bleached or bone.

THE OneSTEP™ PROGRAM

Standard Textile's exclusive OneSTEP™ program provides housekeepers and laundry professionals with innovative tools that shorten processing and bed make-up times. With this program, your Single-Pick Percale sheets are designed with equally defined two-inch top and bottom hems with product labels centered in the hems for easy bed make-up. Plus, identifying sheet sizes is easy with color-coded EZ ID® selvage yarns discretely woven into the sides of Single-Pick Percale sheets.

OneSTEP™ products provide both the laundry and housekeeping professional with One Solution To Enhance Productivity. EZ ID® size identification makes sorting a snap, while balanced hems and center lock labels allow for simplified bed make-up.

TIMELESS ELEGANCE. SUPERB CRAFTSMANSHIP.

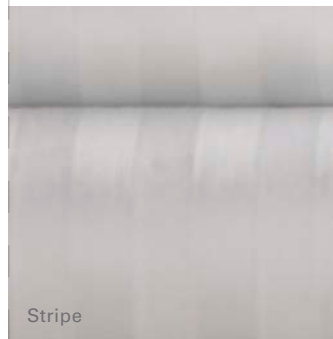

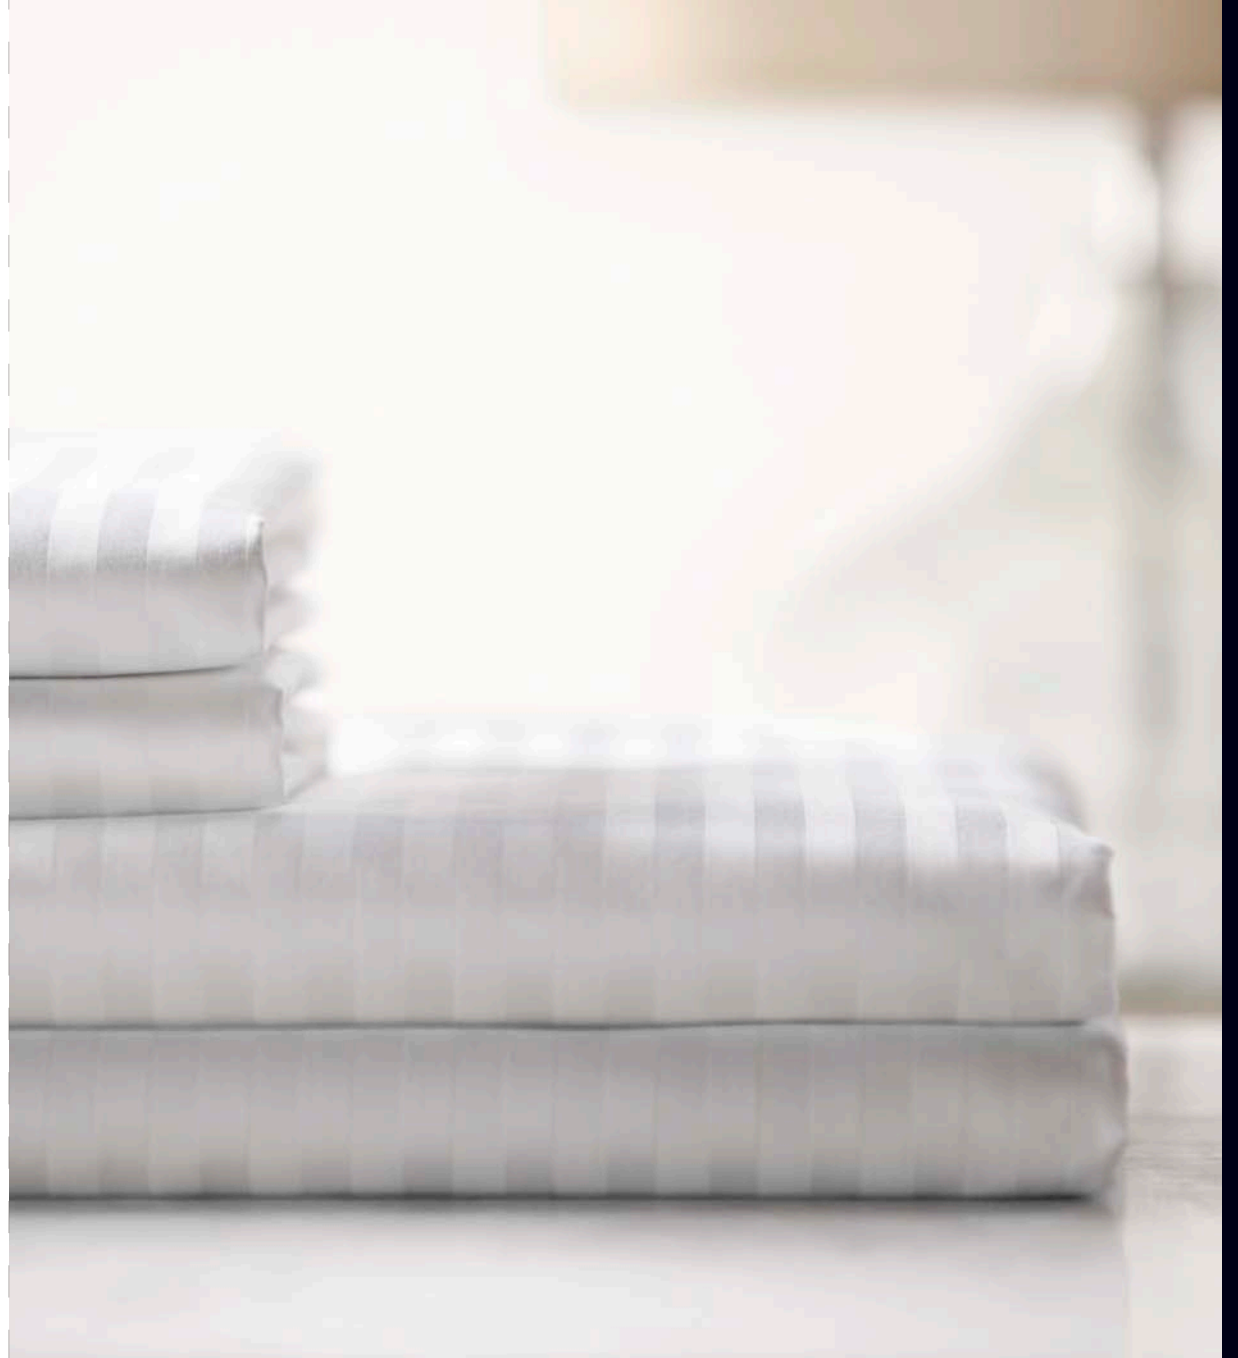

PURE COTTON THE TRADITION CONTINUES

Tradition endures. The classics endure. And a reputation for five-star hospitality endures. For more than seventy years, many of the most distinguished hotels in Europe and the Americas have relied on Standard Textile to design the most luxurious quality all-cotton sheeting to meet—and exceed—their guests' highest expectations.

OVER SEVENTY YEARS OF UNCOMPROMISING QUALITY

Standard Textile's 100% cotton sheeting has a three-hundred thread count weave, with the added smoothness and comfort—and longer term value—that comes from distinctive single-pick construction. The fabric is ultra-premium: 100% combed, long-staple and ring-spun cotton, with a tone-on-tone stripe on sheets whitened to brilliance, for the look and feel of five-star elegance.

VERSATILITY® FITTED SHEET

VERSATILITY® FITTED SHEET
Performance Sheeting by Standard Textile

**PERFORMANCE LIKE
NO OTHER.**

CENTIUM CORE
TECHNOLOGY®

VERSATILITY® FITTED SHEET
Performance Sheeting by Standard Textile

ENGINEERED FOR LONG LIFE

Standard Textile's new patent-pending Versatility® Contour Sheet combines comfort, durability, and operational advantages in a unique woven fabric that stretches to fit simply and securely on a variety of mattress styles and sizes.

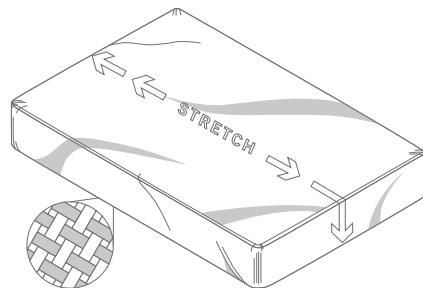

Unlike conventional woven fabrics that require the use of elastic bands or bindings, the inherent stretch-and-recovery characteristics woven into the Versatility fabric allow these revolutionary contour sheets to be fabricated without elastic.

The end result is a genuinely unique sheet that sleeps great, is easily and quickly secured to the mattress, and which will endure more processing cycles than any competitive woven contour sheet.

**Centium Core
Technology®**

Centium Core Technology® is a patented weaving technology that dramatically improves product tensile strength, extends service life, and enhances performance.

ELEVATIONS™

ELEVATIONS™
Performance Comforters by Standard Textile

LOFTY PERFORMANCE. HIGHER SAVINGS.

EZ ID™

REAL GREEN™

ELEVATIONS™
Performance Comforters by Standard Textile

THE LUSH, LOFTY LOOK OF AFFORDABILITY

The centerpiece of any hotel room is the bed. And if the centerpiece of that bed is the soaring cloud of an Elevations™ comforter, your guests know they've just taken a big step up in performance. And yet, that extravagant loft is the cost-saving secret of the Elevations comforter. Standard Textile engineered this comforter to have more fill on top, where warmth matters most, and less on the sides, reducing un-needed weight.

YOUR GUESTS SEE THE OPULENCE YOU SEE THE SAVINGS

The real beauty of an Elevations comforter is in its performance. Comforters take a beating in the room and in the laundry. But this comforter can take the punishment, with its tough, 100% hypoallergenic blended fabric ticking and soft 100% recycled polyester fill combine with a unique box stitch quilting pattern that resists clumping. Its surprisingly lighter weight and faster drying time significantly lowers your laundry costs, and its sheer durability means a much longer working life. An Elevations comforter looks and feels like the height of comfort, but it actually delivers the height of performance.

For more information about Elevations comforters, or to contact a dedicated hospitality consultant, visit standardtextile.com or call 1.800.323.5246.

EZ ID® loops

HERRINGBONE PERFORMANCE BLANKETS

HERRINGBONE
Performance Blankets by StandardTextile

BALANCED PERFORMANCE.

WARMTH WITHOUT WEIGHT

The open-cell weave of traditional thermal blankets allows too much heat to escape, leaving guests cold and requesting additional blankets. The advanced closed-cell structure of our Herringbone Performance Blanket retains more warmth without extra bulk. Guests will experience lightweight, breathable comfort. The attractive herringbone pattern comes in white or bone.

COMFORTABLE YET COST EFFECTIVE

Composed of 50% luxurious cotton and 50% durable polyester, the Herringbone Performance Blanket offers a balanced blend of thermal performance and cost-saving features. Its lightweight fabric dries quickly, reducing laundering costs. The snag-resistance and strength of closed-cell construction along with superior stain-release properties extend service life. The result is lower cost-per-use without compromising thermal comfort.

For more information about Herringbone blankets, or to contact a dedicated hospitality consultant, visit standardtextile.com or call 1.800.323.5246.

INNERLOFT® BLANKETS
Classic Blankets by StandardTextile

SO WARM. SO TOUGH. SO AFFORDABLE.

With an Innerloft® blanket on the bed, your guests can anticipate a warm, comfortable night ahead. It's a place to toss their luggage. A trampoline for the kids. A cushiony lounge for watching TV. Standard Textile designed the Innerloft blanket to make you comfortable too, with more durability and lower laundering costs. Your guests will see the comfort of the Innerloft blanket on their bed. You'll see the value on your bottom line.

TAKE COMFORT IN LOWER COSTS

Standard Textile's engineers put extra effort into the design of our attractively priced blanket to make it more comfortable for your guests and more affordable for you. Its hypoallergenic blended cotton/ polyester ticking and soft, 100% recycled polyester fill combine comfort with resilience. The seven-inch box quilt design resists clumping while adding visual appeal, and the double needle stitching stands up to frequent laundering.

SUPREME COMFORT. EXQUISITE CRAFTSMANSHIP.

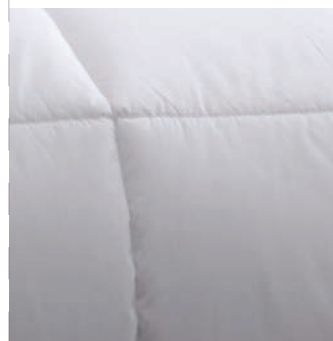

THE COMFORTER OF YOUR DREAMS

Is it possible to make a comforter too comfortable? Too soft? Too lush? Too cozy? Standard Textile designed the LuxSoft™ comforter for sleeping late...turning off the alarm clock. The warm feeling of five-star relaxation. LuxSoft is a supreme comforter, an over-sized, over-soft, generously filled comforter, designed for a great night's sleep and a wonderful morning.

A GREAT NIGHT'S SLEEP IS GOOD FOR BUSINESS

Everything that makes the LuxSoft comforter such a delight for your guests has an extra benefit for you: lower costs. Its attractive box quilt stitching saves housekeeping the annoyance of shifting fill. The combination of fine-woven blended fabric ticking and high-end corded twill taped bindings actually make LuxSoft more durable, lowering replacement costs. The 100% recycled polyester fill makes this product environmentally friendly. It also dries much faster than other comforters, reducing laundry expenses. EZ ID® color-coded loops on all four corners provide easy size-identification for housekeeping. So, while your guests are sleeping, you are saving.

PERFORMANCE WHERE IT MATTERS MOST.

DESIGNED FOR PERFORMANCE

Elevations™ is an innovative concept in performance terry. Targeted weight distribution focuses loft and absorbency in the center of the towel—where performance matters most. Woven Jacquard designs accent each end of the towel to create a nearly indiscernible variance in loft. The result is a towel that offers measurable laundry savings.

ENGINEERED FOR DURABILITY

Elevations towels are woven with 100% ring-spun combed cotton loops for a desirable hand. Proprietary high-density, multilayer selvages ensure a durable construction. Manufactured with Centium Core Technology® means Elevations towels stand up to industrial laundering for a longer service life. And, Elevations towels arrive Room Ready For You® laundered with Tide® and ready to use right out of the box. You save time, labor and the costs of up-front processing.

LEGENDARY BEAUTY IN UNMISTAKABLE LUXURY.

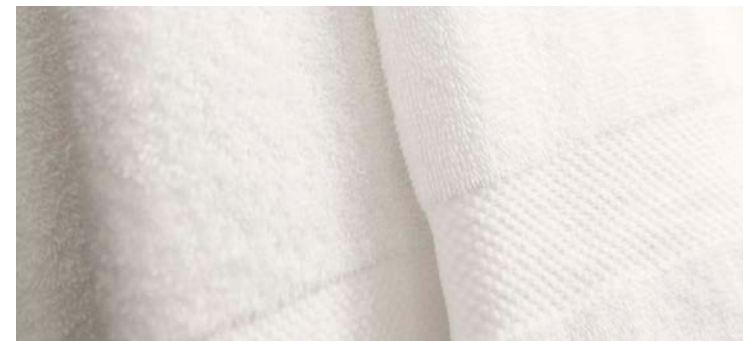

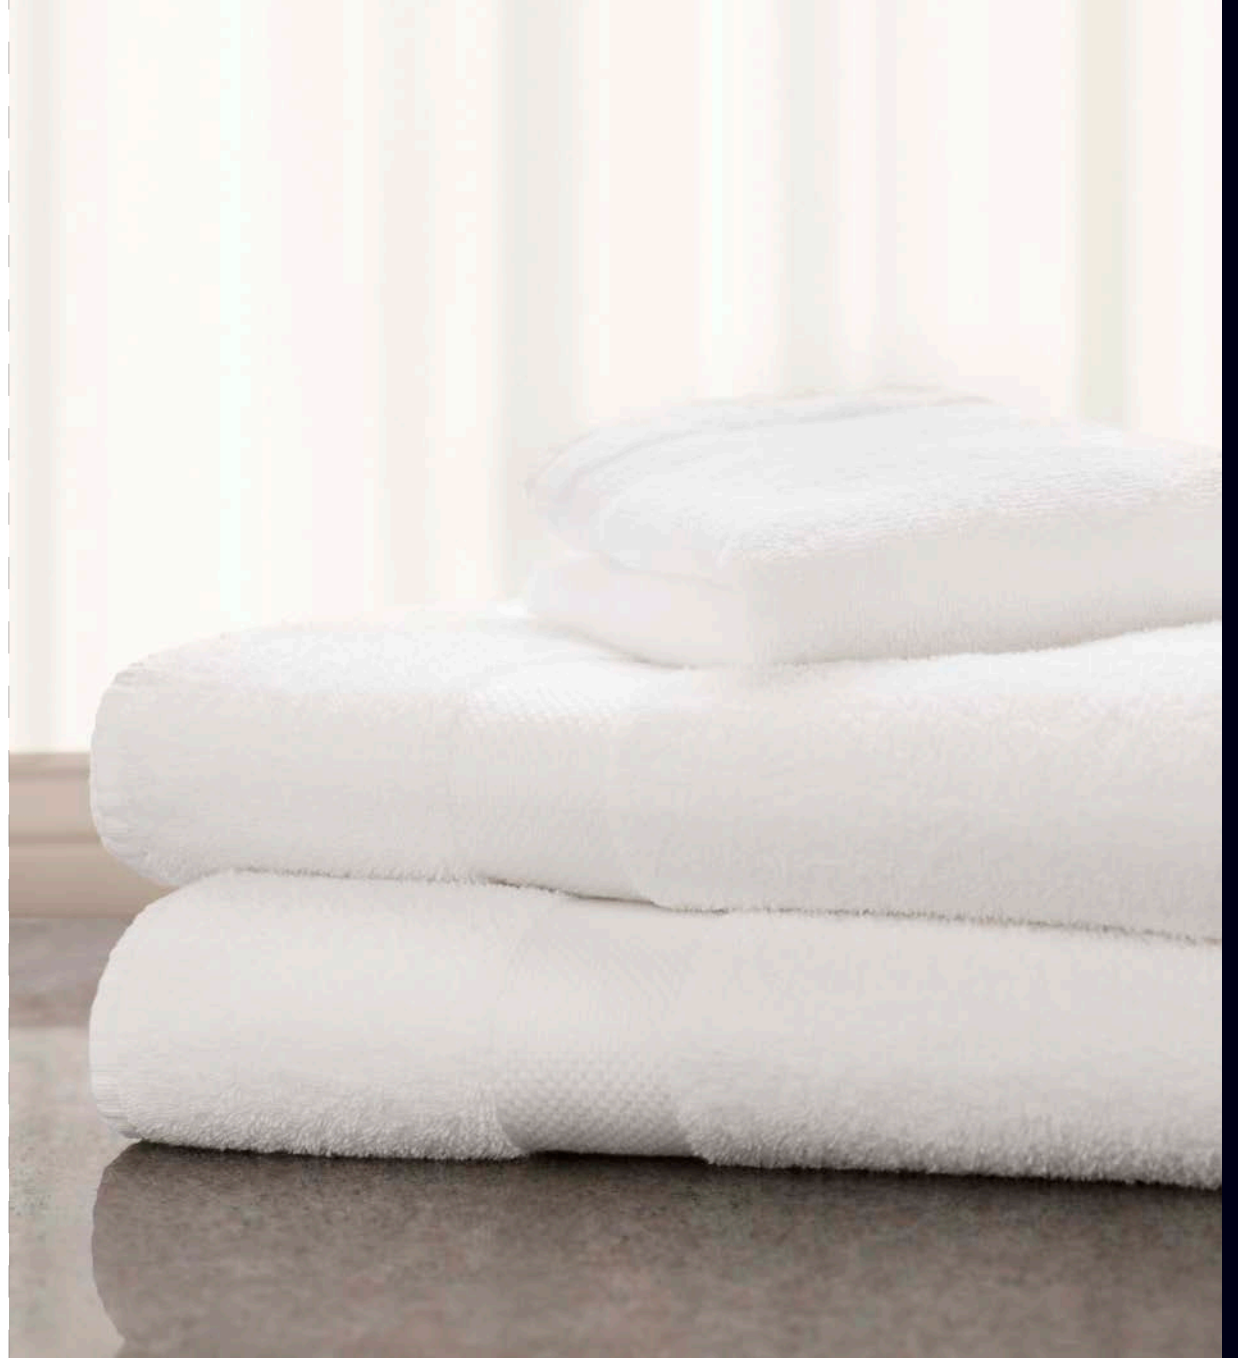

THE ART AND SCIENCE OF PRESTIGE

For many hoteliers, nothing but the prestige of 100% cotton bath sheets and towels will do for their guests. Terry woven from the finest, richest long-staple and ring-spun combed cotton. Others desire a luxurious towel that will also endure continuous washings. Standard Textile's designers and engineers have created EuroClassique®—a towel offering exceptional cotton thickness and depth plus strength and durability.

CREATING BEAUTY. BUILDING COMFORT.

EuroClassique towels feature the comfort and hand of premium 100% cotton loops and a timeless dobby border. Standard Textile's patented Centium Core Technology® surrounds a lightweight yet strong multifilament polyester weft with a mass of pure cotton loops distributed into a loftier pile, creating a more durable towel. Made of 80% ring-spun combed cotton/20% Centium Core Technology microfilament polyester, EuroClassique towels demonstrate a statement of uncompromising quality.

To learn more about Standard Textile's EuroClassique terry, or to contact a dedicated hospitality consultant, please visit standardtextile.com or call 1.800.323.5246.

LUXURIOUS SOFTNESS WITH PREMIUM, LOW-TWIST 100% COTTON.

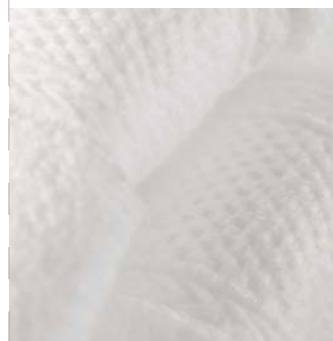

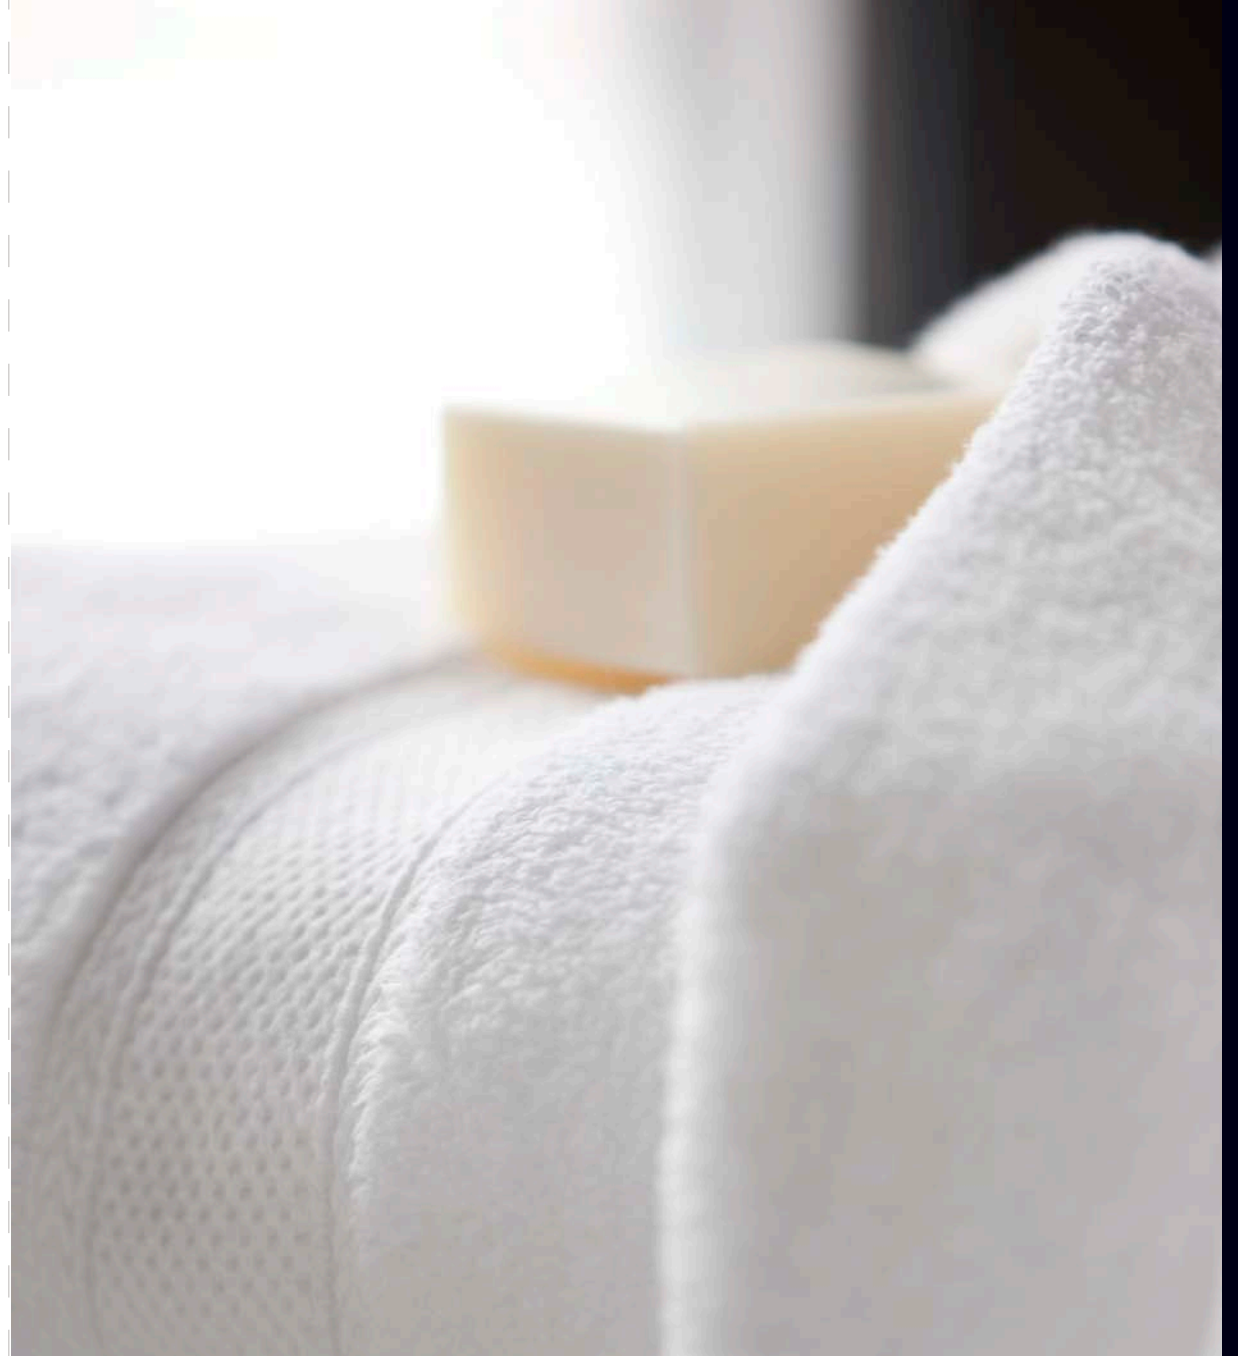

PAMPERING INDULGENCE IN THE PRIVACY OF A GUESTROOM

Luxuriously lofty and ultra-absorbent, guests will feel indulged and pampered with Lynova™ terry. The ethereal feel and silky touch are pure delight. A perfect balance of softness and absorbency for the most pampered guests. It's cascading softness for the body, mind and soul.

LET THE TOWEL DO THE WORK

Standard Textile's private-label Lynova bath sheets and towels afford a wealth of 100% ultra-premium low-twist, soft spun MicroCotton. While high-density fiber loops fluff and expand to provide guests with ultimate softness and absorbency, the engineered open structure allows for a whiter appearance and reduced drying times to eliminate unnecessary laundry expenses.

PIQUE WEAVE
Performance Terry by Standard Textile

PERFORMANCE WITH PERSONALITY

The Jacquard woven tufted pile design gives a distinct personality to the Pique Weave towel's durable blend of 86% cotton and 14% polyester. Long-staple, ring-spun 100% combed cotton loops surround the durable blended core, secured with a high-density, dual-layer fast selvage. Accented with parallel dobby borders, the Pique Weave is performance terry with flair.

PERFORMANCE MEANS LOWER COSTS

The sturdy Pique Weave holds its sculptured texture, wash after wash, for enduring performance and long life. A longer service life means lower cost-per-use and lower replacement costs. Plus, your Pique Weave towels arrive Room Ready For You® laundered with Tide® and are clean, fresh, and ready to use right out of the box. You save the time, labor, and costs of up-front processing.

LUXURY POOL AND SPA TOWELS.

EUROSPA®

EuroSpa® pool towels are made with 100% cotton for exceptional softness and strength. They arrive Room Ready For You® laundered with Tide®, which offers unsurpassed convenience and savings. EuroSpa pool and spa towels contribute to a seamless experience of luxury and elegance.

EuroSpa pool towels are woven with a unique sculpted wave design and yarn-dyed colorfast stripes. Traditional pool towels fade and wear quickly; EuroSpa pool towels are made with the highest quality yarn so they maintain their color and appearance over time.

DESIGNED TO WITHSTAND A HARSH CHEMICAL ENVIRONMENT.

COLORFILL

Colorfill pool towels are made for performance. They are engineered to maintain softness wash after wash and made with yarn-dyed stripes to withstand harsh pool chemicals.

The result is enduring softness and exceptional colorfastness. Colorfill pool towels feature patterned designs and are available in blue or yellow.

EXCEPTIONAL POOL TOWELS FOR EVERY BUDGET.

ELEVATIONS™

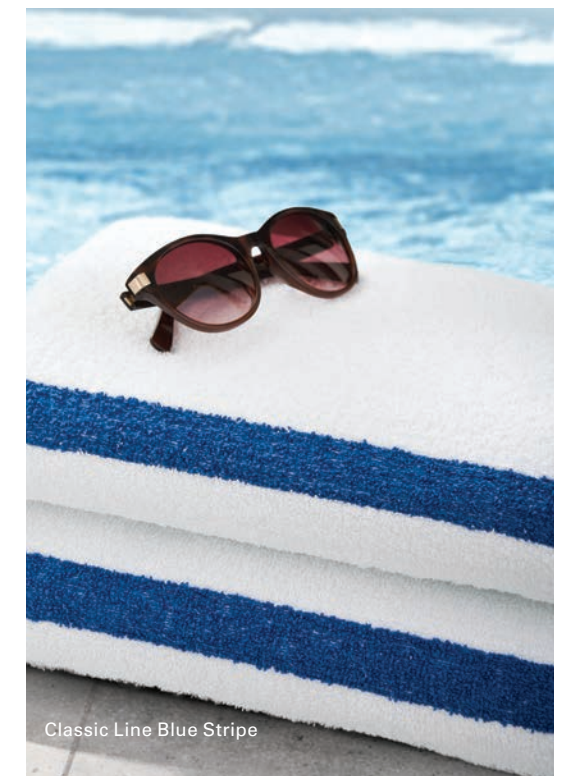

Elevations pool towels are optimized for maximum performance. An innovative design focuses weight near the center of the towel, where absorbency and loft are most desired. The patterned end panels add an aesthetic point of interest, while disguising the pile height transition, creating processing cost savings.

High quality and durability are guaranteed because the towels are made with 100% ring spun cotton. Comfortable and cost effective, what's not to love about Elevations pool towels.

CLASSIC LINE

Classic Line pool towels feature 100% ring-spun combed cotton loops with a yarn-dyed blue stripe woven in the center. Classic Line pool towels are fade resistant.

REMARKABLE® RUG

Performance Rug by StandardTextile

PERFORMANCE MADE TO LAST.

REMARKABLE® RUG
Performance Rug by Standard Textile

WHERE COMFORT MEETS PERFORMANCE

You'll take great comfort in the Remarkable® Rug, engineered and offered exclusively by Standard Textile.

Ultra-durable triple-twisted, tufted pile yarns are designed specifically to withstand the rigors of industrial launderings.

The proprietary polymer coated backing provides superior slip resistance and truly exceptional durability, and permanently solves the issues of peeling and delamination associated with conventional latex-backed bath rugs.

For more information about the Remarkable® Rug, or to contact a dedicated hospitality consultant, visit standardtextile.com or call 1.800.323.5246.

CHAMBERFIRM™

CHAMBERFIRM™
Performance Pillows by StandardTextile

ENHANCED SUPPORT AND PERFORMANCE.

CHAMBERFIRM™
Performance Pillows by Standard Textile

THE FEEL OF PREMIUM COMFORT

For those who want long-lasting firmness, Standard Textile has created the ChamberFirm™ pillow. The uniquely designed pillow is engineered with two distinct polyester chambers. The garneted polyester fill of the inner chamber provides effective and long-lasting support throughout the core. Dual outer chambers surround the inner core with soft and smooth gel fiber for enhanced relaxation. The result is a comfortable night's sleep with the support you need and the comfort you expect.

ENGINEERED TO PERFORM.

The washable ChamberFirm pillow provides long-lasting comfort at a cost-effective price. High-quality fiber filling, encased in 100% cotton T230 ticking fabric and double-needle stitching all around keeps the pillow performing wash after wash.

For more information about ChamberFirm™ pillows, or to contact a dedicated hospitality consultant, visit standardtextile.com or call 1.800.323.5246.

CHAMBERLOFT®

CHAMBERLOFT®
Performance Pillows by StandardTextile

HYPOALLERGENIC PERFORMANCE IN A DOWN PILLOW.

OPTIMAL PERFORMANCE

Chamberloft® pillows are designed for performance. Two outer chambers of hypoallergenic slick polyester surround an inner chamber of sterilized natural feathers, providing support and a down-like feel.

ENGINEERED FOR DURABILITY

The washable Chamberloft pillow provides long-lasting comfort at a cost-effective price. High-quality fiber filling keeps pillows fluffy wash after wash. 100% cotton ticking fabric and double-needle stitching helps pillows retain their shape.

THREE CHAMBER DESIGN

Pillow Cross Section

EUROTECH

EUROTECH
Performance Mattress Pads by Standard Textile

PROTECTIVE PERFORMANCE.

EUROTECH
Performance Mattress Pads by Standard Textile

PRESERVING YOUR MATTRESS INVESTMENT

The EuroTech Mattress Pad is constructed with a quiet, lightweight barrier that securely protects the mattress from liquid penetration. The unique construction consists of a brushed polyester face fabric, quilted for strength, and a fill of both rayon and polyester—a combination you will not find anywhere else. The result is a more absorbent, more comfortable mattress pad.

SMOOTH AND SNUG FIT

Patented Centium Core Versatility retention caps at the head and foot keep the EuroTech Mattress Pad securely in place. Woven with inherent stretch and recovery technology, the fabric stretches to fit snugly and securely. The EuroTech Mattress Pad is also engineered for enduring use. Its Centium Core Technology® engineering dramatically enhances product strength and durability, significantly reducing cost-per-use versus traditional mattress pads.

Centium Core Technology® is a patented weaving technology that dramatically improves product tensile strength, extends service life, and enhances performance.

For more information about EuroTech mattress pads, or to contact a dedicated hospitality consultant, visit standardtextile.com or call 1.800.323.5246.

Shower Curtains

AN IDEAL COMPLEMENT

Standard Textile offers an extensive line of shower curtains for all manner of hospitality environments. Fabric, vinyl, and sustainable options accommodate individual aesthetic preferences and performance requirements.

Available in a variety of white tones and an array of design-inspired colors, from a classic bright optic white that makes a small room look larger, to a variety of on-trend hues that make any room look fresh and current.

Our shower curtains are an ideal complement to the bedding, upholstery, and window treatments that comprise the rest of our hospitality decorative products collection. The collection provides visual synergy as well as the convenience of working with a single source for multiple decorative needs.

HOOKLESS

The new hospitality industry standard, Hookless® Shower Curtains deliver time-saving convenience along with durable beauty.

Built-in rings allow installation and removal in less than 45 seconds. The rings are available in chrome, matching colors, or even a concealed option.

The ultrasonic hem allows water to flow freely from the bottom of the curtain, reducing moisture build-up that can give rise to mold and mildew.

An optional translucent window allows light into the shower while affording the occupant a view of the room.

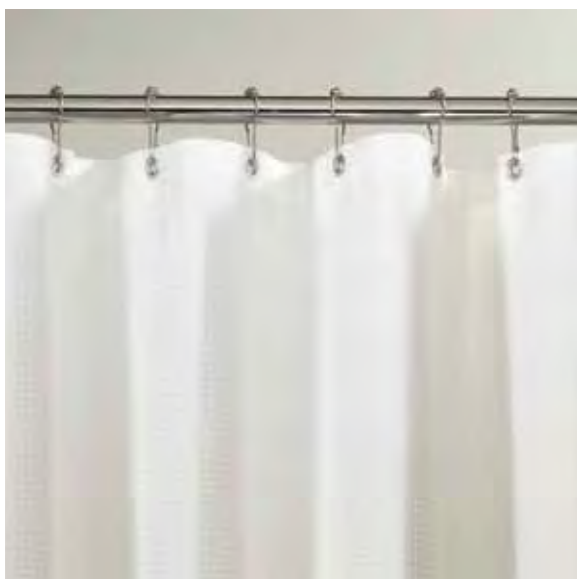

BUTTONHOLE

Shower curtains are also available with reinforced, sewn buttonholes to accommodate curtain rings. This style provides an uninterrupted visual expanse, accentuating the color and pattern of the curtain.

GROMMET

You also have the option of specifying any of our shower curtain solutions with rust-proof metal grommets that minimize curtain wear and tear.

SATIN BAND

SATIN BAND
Classic Table Linen by Standard Textile

FINE DINING WITHOUT THE EXPENSE.

SATIN BAND
Classic Table Linen by Standard Textile

THE PERFECT SETTING FOR ANY DINING EXPERIENCE

Satin Band napery combines classic styling with convenience and easy-care characteristics that fit into any budget. Available in seven popular colorfast shades with matched topstitching—Satin Band is an excellent value for virtually any décor.

TRADITIONAL LOOK WITH IMMEDIATE SAVINGS

The touches that add sophistication to Satin Band napery also add durability and cost savings. Its lightweight 55% cotton / 45% intimate blend damask resists stains and remains bright and soft through endless laundering. Lock-stitch hems reduce fraying, extending the working life of your linens—and saving you money at every meal.

AVILA®

AVILA®
Performance Table Linen by Standard Textile

SUPERIOR SENSIBILITY AND A TOUCH OF CLASS.

STERLING PERFORMANCE

A flawless fusion of high-tech engineering and high-style sensibility, Avila® napery provides an extraordinary combination of practical advantages—softness and absorbency, superior stain release, colorfastness, and durability.

ENGINEERED ELEGANCE ENGINEERED PERFORMANCE

Avila napery is equally impressive in the laundry, offering superior stain release, colorfastness, and durability, keeping Avila performing consistently and cost-effectively, wash after wash. 100% polyester spun filament resists stains like no other fabric, and it offers the softness and absorbency of premium cotton with less weight. All Avila hems are lock-stitched, so that a single broken stitch does not start a chain reaction. Avila round tablecloths are merrowed to prevent fraying.

For more information about Avila napery, or to contact a dedicated hospitality consultant, visit standardtextile.com or call 1.800.323.5246.
